Welcome to Camp Sunshine! June 17th to July 12th session 1

We had a very fun and exciting first week getting to know all our new friends! Thank you for your patience with establishing our new smaller groups! All campers will still have the opportunity to mingle with other campers while at camp. Please remember to put your name card in the windshield of the car picking up your camper as this will help us identify which child belongs to which driver. On Tuesday the weather cooperated with us and we were able to visit the pool and learn the pool rules as well as enjoy the water. Wednesday was a great day as all campers had an Art lesson from Young Rembrandts. On Friday it was exciting to watch R.C. Juggling Company! Please remember to label all of your camper's belongings so that if they get misplaced we know who to return it to. As soon as the weather warms up we will have at least one day
