Chapter 6: Permits

Sec. 6.1 Permit, Rental and Special Event Process

- a. For purposes of this Section, the term "exercise of First Amendment rights" shall include, without limitation, parades, marches, demonstrations, rallies, religious services and speeches, solicitation of votes, petition signatures or contributions, picketing and leafleting.
- b. Permits may be granted upon proper application and approval where the applicable section of these Ordinances or any other District ordinance, policy, rule or regulation requires a Permit in order to engage in a particular use or activity.
- c. Every Person requesting a Permit shall complete and file an application on forms provided by the District and pay applicable fees. The application shall be dated and stamped when received.
- d. Unless otherwise provided in another section of these Ordinances or District ordinance, rule or regulation, all applications for Permits not involving the exercise of First Amendment rights must be received by the District at least thirty (30) calendar days prior to the use for which a Permit is sought. Applications for Permits involving the exercise of First Amendment rights must be received by the District at least three (3) working days prior to the event requested.
- e. Except for applications for Permits involving a commercial activity or for the sale or delivery of alcoholic beverages, the District shall issue the requested Permit without unreasonable delay unless:
 1. The proposed activity violates any federal, state, local or District law, rule or regulation;
 2. A prior application for a Permit for the same date, time and location has been or will be granted and the use authorized by that Permit does reasonably allow multiple occupancy of that particular location by more than one permittee;
 3. The proposed use is of such a nature that it cannot reasonably be accommodated in the particular location applied for, considering, without limitation, the likelihood of such things as damage to District resources or facilities, damage to an environmentally sensitive or protected area's ecosystem, impairment of a protected area's atmosphere of peace and tranquility, unreasonable interference with District functions, buildings, facilities, operations, programs or activities, or unreasonable interference with the use or purpose of the District Property applied for;
 4. The proposed use would substantially impair the operation or use of facilities or services of District concessionaires or contractors; or

5. The proposed use would so dominate the use of District Property as to preclude other Persons from using and enjoying them.
- f. If the application is approved, the District shall issue a written Permit to the applicant. If the application is denied, the District shall issue the applicant written reasons for denying the application if requested.
- g. If an application is denied on the basis of a scheduling conflict or inappropriateness of the location, duration, or time of the activity, the District will make a reasonable effort to arrange an alternative location, duration, or time that is acceptable to the applicant. If the District denies an application pursuant for any First Amendment purposes or the applicant is dissatisfied with such Permit as issued, he may appeal the decision to the Board. If the Board rejects the appeal after full review, or if time for full review is not available, the applicant may appeal the decision to the appropriate state or federal court. All other decisions on the issuance of Permits by the District are final.
- h. Any Permit granted by the District shall contain lawful prerequisites to the issuing of the Permit and restrictions on the conduct of the permitted use including without limitation: payment of a reasonable fee; general liability insurance coverage, naming the District as an additional insured; an agreement to fully indemnify and hold the District harmless from any liability or costs resulting from the use where applicable; a requirement that the Persons involved in the use observe all federal, state, local, and District laws, ordinances, rules and regulations; time, duration and location restrictions; restoration deposit; a written agreement by the applicant to fully restore any District Property soiled or damaged by the use; and, any reasonable restriction necessary for the efficient and orderly contemporaneous administration of the use, other activities with a Permit and regular District uses, functions, programs and activities.
- i. Any Person holding a valid Permit issued by the District for use of District Property may use that District Property to the exclusion of any other Person except the District and its Employees and authorized agents.
- j. Subject to the terms of Section 6.l(h) above, the District may make necessary changes or place necessary additional restrictions on any Permit after it has been issued.
- k. Violation of the terms, restrictions and conditions contained in the Permit may result in the suspension or revocation of the Permit.
- l. Unless as specifically provided elsewhere in the Ordinances, no Permit shall be issued for a period in excess of seven (7) consecutive calendar days. A Permit may be extended for like periods of time pursuant to a new application, unless another Person has requested use of the same location and use of that location by more than one permittee is not reasonably possible. Athletic Affiliates associated with the District are allowed periods to coincide with their season.
- m. For uses involving the exercise of First Amendment rights, the District may waive

any application or Permit fees if the applicant demonstrates that the cost of such fees is prohibitive. An applicant must request such a waiver in writing.

- n. A security and restoration deposit may be required for any Permit. The District shall refund the deposit if the Person responsible for the activity cleans any refuse caused or left by the activity or the activity's participants and restores District Property to the condition it was in prior to the activity to the District's satisfaction. If the District is required to clean up or restore District Property after the activity, the Person responsible for the activity shall reimburse the District for all costs and expenses associated with the clean-up and restoration. The cost of the clean-up and restoration shall be taken from the restoration deposit. If there are any funds remaining after the clean-up and restoration costs have been subtracted, they shall be returned to the appropriate Person. If the costs and expenses for the clean-up and restoration exceed the amount of the restoration deposit, the District reserves the right to pursue any and all legal options.
- o. If the restoration deposit would create a financial hardship for the applicant which the applicant can so demonstrate, the District may accept a written agreement to clean up and restore District Property after the activity. If the applicant does not satisfactorily perform according to the agreement, the District reserves the right to pursue any and all legal options.
- p. Activities otherwise prohibited under this Ordinance, or any other District ordinance, policy, rule or regulation may be conducted or engaged in by a Person, his agents and/or employees, if done in strict conformance with the provisions of an agreement with the District which has been duly authorized by the Board.
